

AAHomecare's Corporate Partner Provider Council: Driving the Association Forward

Comprised of well over a dozen CEOs and Executive-level participants, this invitation-only Council receives high-level, real-time updates from key AAH leadership staff (legislative, regulatory, payer relations, membership), and offers CEOs a forum for helping to shape AAH strategic priorities and policies of special interest and concern to HME/DME providers. Conference calls are held quarterly and last approximately 90 minutes each. Participants are encouraged to come to the table with insights and opinions on issues impacting the HME industry in their particular spheres – and to weigh in on current and proposed AAHomecare initiatives to maximize the Association's impact and efficacy.

By bringing together thought leaders within some of the most influential companies in the home medical equipment industry, AAHomecare's aim is to create a crucible for Executive-level dialogue within the Association's ranks as we tackle the myriad challenges facing our industry. As such, the appointed Chair of the Corporate Partner Provider Council is also afforded a seat on the AAHomecare Board of Directors.

Prerequisites to Council Membership

Participation in the AAHomecare Corporate Partner Program at any support level (Bronze, Silver, Gold, Platinum, Diamond, or Legacy) is a prerequisite for an invitation to the Corporate Partner Provider Council. The participating company must also serve as an HME provider in some capacity of its operations to be eligible.

For more information on the AAHomecare Corporate Partner Program and participants, visit aahomecare.org/corporate-partners, or contact Mike Nicol, Senior Director of Membership Services, at (202-372-0749), or michaeln@aahomecare.org.
